# Welcome...

## ... to Rotary Residential Care Centres

50 years of service in the provision and support for people with Cerebral Palsy and similar needs. We provide two services:

**Residential Care  
Forrest House in Albert Drive Pollockshields**

**&**

**Supported Living / Care at Home in Shawlands with professional support for the more able.**

## The Need...

More and more relatives are caring for their loved ones. The need for respite care is significantly high and care homes which have the facilities and trained staff with the expertise are in short supply in the Glasgow area. Forrest House is perfectly placed to meet this need and the new care respite room will offer an invaluable service to families in the local community.

## Appeal

**£25,000**

Will see a purpose built fully fitted out new Respite Room at Forrest House.

## Making a Difference...

The new respite room will allow Forrest House to become all encompassing in the community. Offering permanent and temporary accommodation and support to adults with complex needs.
